The allies must have their backs against the wall on the road to Paris.

A ton and a half of sugar stored in a private house looks pretty bad for the occupants of that house.

Senator New's thrust into the political arena has not aroused a single spark of enthusiasm for politics. The American people are bent just now on winning the war.

The Germans are scarcely nearer Paris than they were when the present offensive was started because the drive is centered to the eastward of the former nearest point.

In the midst of depression over the war news remember that the allies undoubtedly have a considerable reserve of manpower not yet utilized in the German offensive since it started on March 21.

"Died of accident" column in the American casualty list contains an extraordinary number of names, but such a condition is probably inevitable to the fevered rush to prepare the army for capacity to participate in the great movements.

Official credits give Vermont 8,125 enlistments outside of the number that have enlisted in the naval service of the United States. Adding the latter would probably show practically 10,000 Vermont men in some branch of the federal service. Over and above that number are some thousands who are working in munitions plants and other war industry factories, they having entered that service before the United States entered the war. Vermont is contributing generously of her young men.

BERLIN STILL TRYING TO DISCREDIT THE AMERICANS.

In making reluctant admission of the loss of the village of Cantigny, the German war office continues its efforts to discredit the participation of the United States in the war by dismissing the occurrence with the simple statement that the "enemy" penetrated into the village of Cantigny. Ever since the United States declared a state of war existing between herself and Germany, the latter has been going far out of the way in order to make light of the significance of that event; then when the American troops took the field in actual conflict the German official reports laid particular stress on the alleged fact that such a number of Americans were taken prisoners, that such a number of American aviators were brought down by the Germans, that American "doctors" were captured along with prisoners of all the other allied forces—in short, that Americans were suffering terribly and were doing nothing in the war, were proving of no worth to their allies. The Berlin war office persistently ignored any advantage which the American troops have gained during the year of our nation's participation. Therefore, nothing different could have been expected from such a mendacious factory as the Berlin war office when the Americans really did inflict a telling blow on the German pride in arms, such as that at Cantigny when not only was the village and outlying trenches captured but also 200 German soldiers were taken prisoners. The reference to the loss of the village to the "enemy" is apparently a studied effort on the part of the war lords of Germany to keep from the German populace the fact that the Americans have arrived in force enough to make their influence felt. Information that a large force of well-equipped Americans were on the firing line would have a very depressing effect on the German people. Hence, the effort to keep the German people groping about in ignorance.

EAST CORINTH

A Busy and Patriotic Week for All in This Village.

This week has been what might be called patriotic week, beginning with Memorial services at the church Sunday, May 26, and ending with the Red Cross bazaar on Wednesday.

Those of us who can look back to the early days of the G. A. R. and W. R. C. could not help a feeling of sadness over the depleted ranks of the post, only three old soldiers being out for the occasion.

Monday evening was the monthly business meeting of the Red Cross, an unusually large number were out to it, several matters of business being taken up.

Mrs. Amah Jackman was elected delegate to the meeting of the Orange county chapter at Chelsea Tuesday, and W. T. Jackman to the executive committee. C. S. Bailey, treasurer, reported a comfortable balance in the treasury, and it has been voted that our secretary write a note of thanks to the Taplin bill and Wrights mountain farmers' clubs for their generous gift of \$81.02, the proceeds of the dance they gave.

E. M. Bowen reported the result of the drive \$710 for the town, and a little over \$800 of it from the canvas in the east part of the town, only three slackers being in his district.

Tuesday, E. M. Bowen and wife and Mrs. A. C. Jackman and Mrs. H. A. Jackman were in Chelsea to attend the county meeting. The young man who was there to speak from the trenches, who has spent twelve months in the hospitals, gave them this to take home from "over there": "The boys are fighting and can not and will not do it unless you send over the money. They are making the supreme sacrifice and the man or woman who is not willing to give their money for them is not worthy to be called an American."

Tuesday evening was held a recognition council of the East Orange association of Congregational churches, when they voted to receive the new formed church into fellowship with the association.

Dr. C. N. Merrill of St. Johnsbury was present, also the following pastors and delegates from surrounding towns: Revs. Donald Frazier and J. Lambert Alexander, Deacon D. M. Bond and George Worcester, Mrs. Frazier, Mrs. R. E. Barnett, B. S. Hooker and James B. Hale, also several other visitors.

Wednesday pre-Memorial exercises were held on the school lawn by the pupils of the school, with an address by Mrs. W. S. Dodd.

Miss Harriet T. James has been in St. Albans to attend the meeting of the Woman's Missionary union.

Dr. Hudson, who has been attending the health officers' school at Burlington, and Mrs. Hudson returned Tuesday.

Happy Richardson was in town calling on friends one day recently.

NORTH CALAIS

Will White of Hardwick was a recent guest of his brother, George White.

Mr. and Mrs. E. A. Dailey was called to Woodbury to attend the funeral of his aunt, Mrs. Sarah Dailey, last Sunday.

Vern Graham has a new automobile.

Fire broke out in the farm house of A. C. Dailey one morning the first of the week, which caused the owners to hustle. Mr. Dailey was in the stable milking at the time. Thinking he smelled smoke, he went to the house and found it on fire. It was quickly put out and not much damage done. The fire was caused by an over heated stove.

Lavak Ainsworth has returned home, after a few days' visit with friends in Canada.

Mrs. Sadie Parker visited her sister, Mrs. Fred Chase, in Montpelier last week.

Miss Agnes White was the guest of her brother, James White, in Adams last Thursday.

Will Holmes of Montpelier, Mr. and Mrs. Maynard King and Mrs. Eva Bailey of Plainfield were at Hilland Holmes' last week.

F. A. Scribner is working for Will Peck.

Mr. Wood of Chicago is spending a few days at Frank Hills'.

Worms—A Danger to Children

No gain in a child's health and strength is possible until all worms are removed.

Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eye heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, tingling sleep, slow fever. If you see any of these symptoms in your child, don't lose another minute, but get a bottle of Dr. True's Elixir, the Family Laxative and Worm Expeller.

Mrs. Norrat of Houston, Texas, writes: "I would not be without Dr. True's Elixir in my home." No better laxative made for young or old. At all dealers, 40c, 80c and \$1.00. Write to us for further information.

EAST MONTPELIER

Members of the Red Cross whose dues are payable in June are requested to renew their subscriptions as soon as they expire, as the funds are much needed for immediate work.

The children of the junior Red Cross have nearly finished blocks for a quilt to be sold in the near future. A handsome braided rug has been given the Red Cross by Mrs. Dolly Mason, which is now offered for sale. This branch of the Red Cross acknowledges with thanks \$3.50 received from the Center school.

The Red Cross will prepare bandages Thursday of each week in the village hall during the summer months. Many more workers are needed. Remember the change of place. A large quantity of gauze for surgical dressings will be ready for work in the near future.

Grover Townsend, brother of H. G. Townsend, has enlisted in the U. S. army. He left with the draft recruits Saturday morning for Camp Devens, Ayer, Mass.

One of George Hathaway's cows fell into the river last week, but was luckily rescued through the prompt action of his neighbors.

Ex-Senator Harry Daniels has recently been in Washington, D. C., on important business. He reports a successful trip and has many pleasant reminiscences to relate to his interested friends.

Mrs. Harry Vincent and daughter, Hazel, were recent visitors in Brattleboro.

James Leslie, formerly of this place, is the guest of L. W. Sibley, but has to report next Sunday at headquarters, Camp Wadsworth, Spartanburg, S. C. With his characteristic generosity, Leslie gave up his furlough of 50 days until six others of his comrades who had illness at their homes were allowed to visit their friends. Sixty thousand men are in the encampment there, all well cared for and happy, with plenty of good food and other comforts of life. He is much pleased with army life, but feels anxious to go overseas and take his chance at the beastly Hun.

The hill between the covered bridge and George Hathaway's is in the worst condition it has been for years. It is a menace and danger to all kinds of conveyances. Accidents are of everyday occurrence.

Harry Vincent was in Burlington several days last week, attending the board of health convention.

Mrs. George McKnight was a business visitor in Barre Tuesday.

A Barre party was stalled on the hill just above the covered bridge Tuesday, and it required a pair of heavy horses to get the auto up the hill. It was then found the auto was so injured that help from Barre was summoned to repair the damages.

Earl Willard and Miss Lillian Simonds returned from Wells River Sunday.

Philip LaPoint, who has been on an extended visit to relatives and friends in New York state, is now stopping at his son's, W. A. LaPoint.

Mrs. John Willard intends to visit Winnipeg in the near future, where her husband, John Willard, assistant superintendent of the dining service on the Canadian Pacific railroad, has his headquarters.

Memorial Day, 1918

The brave men we honor to-day gave their lives for our country.

Let us be sure we are not withholding either service, food or money needed to defend the freedom they held so dear.

Yes, men used to put on shirts this way—it was before the coat shirt was popular. Some men to-day wear two-piece underwear instead of union suits, some still cling to night shirts instead of pajamas, but why waste words in commenting on "some men"—the majority want modern conveniences in dress.

Here they are—75c to \$7.50.

Shirts in all the summer fabrics from silk to flannel.

Union and two-piece underwear.

Pajamas, cool and comfortable.
